Organized by

We are the Chartered Institute of Procurement & Supply Chain

The Chartered Institute of Procurement & Supply (CIPS) is the world's leading professional body for procurement and supply. Operating across more than 180 countries, CIPS sets the global standard for skills, ethics, and professional practice. Its internationally recognized competency framework supports capability building at every stage—from tactical roles to advanced strategic leadership.

CIPS hosts flagship events worldwide, including regional conferences such as those in the MENA region, and the renowned Excellence in Procurement & Supply Awards. These gatherings not only showcase innovation and best practice but also serve as benchmarks for professional achievement. Within this context, **CIPS PSCFF 2026** is positioned as the region's premier forum—bringing together leaders and practitioners to shape the future of procurement and supply.

28 - 29 Oct, 2026

Mandarin Oriental Al Faisaliah, Riyadh

About The Forum

CIPS MENA Procurement and Supply Chain Futures Forum is the region's leading gathering for procurement and supply chain professionals. Designed as a platform for forward-looking dialogue, the Forum brings together industry leaders, innovators, and practitioners to explore emerging trends, exchange best practices, and address the challenges shaping the future of the profession.

Through expert-led sessions, interactive discussions, and dedicated networking opportunities, the event equips participants with insights to drive technology, governance, resilience & performance across their organizations. It is a unique opportunity to engage with peers, strengthen professional networks, and stay ahead in a rapidly evolving global supply landscape.

CIPS PSCFF Expo

The Expo at CIPS PSCFF 2026 serves as a dynamic showcase of solutions, services, and innovations shaping the future of procurement and supply chain.

28 - 29 Oct, 2026
Mandarin Oriental Al Faisaliah, Riyadh

Forum Objectives

Strategic Insights — Guidance on current trends, challenges, and the evolving procurement landscape.

Innovation Focus — Discover solutions that drive progress and prepare for future disruptions.

Meaningful Connections — Engage in networking that creates lasting professional value.

Targeted Segments

Government Sector Leaders

Procurement and supply chain departments across ministries, authorities, and public institutions.

Private Sector Decision-Makers

Procurement and supply chain functions within corporations, enterprises, and industry-leading businesses.

Industry Experts and Practitioners

Specialists, consultants, and professionals driving best practices and innovation in procurement and supply chain management.

Academia & Institutions

Universities, colleges, and centers of excellence advancing knowledge and education in procurement and supply chain.

28 - 29 Oct, 2026

Mandarin Oriental Al Faisaliah, Riyadh

CIPS PSCFF 2026

The definitive platform for procurement and supply chain leadership across the Middle East and beyond.

Under the theme **“Future-Proofing Technology. Governance. Resilience. Performance.”** the Forum equips decision-makers to navigate pressing global and regional challenges, strengthening resilience against geopolitical and supply chain shocks, and seizing growth opportunities driven by Vision 2030.

The Forum is strategically paired with the Real Estate Supply Chain Forum (RSCF) on 7 April 2026, bringing together two powerhouse gatherings in back-to-back days. Together, they create a unique platform where procurement, supply chain, and real estate leaders converge to accelerate localization, sustainability, and giga-project delivery.

Ben Farrell
Global CEO of CIPS

28 - 29 Oct, 2026

Mandarin Oriental Al Faisaliah, Riyadh

CIPS PSCFF 2026 Theme

Future-Proofing Procurement: Technology. Governance. Resilience. Performance.

This year's theme reflects the urgent need for procurement and supply chain functions to adapt to a rapidly changing global landscape. With regulatory requirements becoming more complex, organizations must strengthen technological infrastructure to bolster system resilience and data security. At the same time, resilience has emerged as a critical priority—ensuring supply chains remain agile and robust in the face of disruption. Beyond managing risk, procurement leaders are now expected to deliver measurable growth by driving innovation, sustainability, and strategic value creation. The Forum will explore how these four pillars—Technology. Governance. Resilience. Performance.—intersect to define the future of procurement and supply in the MENA region and beyond.

28 - 29 Oct, 2026

Mandarin Oriental Al Faisaliah, Riyadh

Suggested Topics

Digital Procurement Transformation

- How AI, automation, data analytics, and digital procurement platforms are reshaping sourcing, contract management, and supplier engagement.

Supplier Governance and Risk Management

- Strategies to strengthen supplier transparency, manage geopolitical and operational risk, and build resilient supplier networks.

Strategic Sourcing and Value Creation

- How procurement leaders can move beyond cost management to drive innovation, competitive advantage, and long-term enterprise value.

Suggested Topics

Sustainable and Responsible Procurement

- Embedding ESG principles into sourcing decisions, supplier standards, and procurement strategy.

Procurement Leadership and Capability

- Developing the skills, operating models, and organisational structures required for the next generation of procurement professionals.

Future Workforce and Skills

- Preparing procurement teams for digital transformation, evolving supply networks, and increasingly complex global markets.
